COUNCIL ON THE ARTS

PPA Project Grant **WORKSHOP**

As a partner with Pennsylvania Council on the Arts (PCA), Erie Arts & Culture administers annual grants available through the Pennsylvania Partners in the Arts (PPA) program. PPA Project Stream grants provide opportunities for organizations, individual artists and community-based groups to apply for up to \$2,500 in funding to support performances, exhibitions, and other arts projects that are presented to the public and take place between September 1, 2019 and August 31, 2020. Grant applications are due June 20, 2019. Erie Arts & Culture administers the program in Crawford, Erie, Mercer, Venango and Warren Counties.

This workshop is designed to provide detailed information on the program and guide prospective candidates through the application process. Reservations are not required. Applicants who have received funding in the past are welcome to attend, too, as a refresher to the online grant system.
